

MAR2011

Our March issue explores the phenomena of green guilt, how a former meat packing plant in Chicago's historic Union Stockyards is getting a sustainability makeover and one on one with John Perkins, best-selling author of *Confessions of a former Economic Hitman*. Also, Greenheart Travel, energize naturally and the debut of our new column, Diversity in Green.

Confessions from an Eco-Sinner

If living green is supposed to be an empowering way to live, then how could using a paper towel once every blue moon cause such undeniable remorse?

[Read More](#)

The Plant

While most kids dream of becoming a star athlete or an astronaut, John Edel had a simpler, but more unique vision—growing plants indoors.
